

Chapter 11

Record Keeping

Overview

Introduction Early childhood education (ECE) services must meet the conditions of their licence to be eligible for Ministry of Education funding. This includes meeting requirements for record keeping and reporting on the use of funding.

Record keeping also ensures the Ministry of Education can verify funding claims.

In this chapter This chapter contains the following topics:

Title	Section
Record keeping requirements	11-1
Funding claim audits and record keeping audits	11-2

11-1 Record keeping requirements

Introduction This section explains what records ECE services must keep to support their funding claims.

Keeping records Records are subject to periodic on-site checks by the Ministry of Education and reviewers from the Education Review Office (ERO).

Records **must** be kept and made available on request to Ministry of Education staff, reviewers from ERO, and others who are authorised to visit the service.

Maintaining Records Records may be kept in a form to suit your service as long as the requirements set out in this Handbook are met.

Paper-based enrolment, attendance and staffing schedules **must** be maintained in pen. If these documents are electronically generated alterations and verification must be in pen.

Do not use 'white out' on these records. If you need to make changes do so by crossing out the error and making the corrections in pen.

Services risk losing funding if their records cannot be audited because they are unclear or ambiguous, or are not available for audit.

Records for all services All services must keep the records listed in the table on the next page of this chapter.

This information allows the Ministry to ensure that the correct number of funded child hours have been claimed by the service.

See **Chapter 6** of this Handbook and the relevant section for your service type (in **Chapter 3**) for further information on record keeping requirements.

Teacher-led services Teacher-led services must also keep other records listed in the table on the next page.

See **Section 3-B** for further information on record keeping for teacher-led services.

11-2 Funding claim audits and record keeping audits

- Purpose of the funding claim audit** The purpose of a funding claim audit is to:
- verify that the service is claiming and receiving the correct amount of funding
 - verify that a service is meeting the record keeping requirements
 - provide advice and assistance to services about record keeping requirements.
-

- Documentation required** You **must** supply the following documentation, for the period for which you are being audited, to the Ministry's Resourcing Auditors as part of the funding claim audit:
- *RS7 Form*
 - Attendance Registers
 - Enrolment Records
 - Staffing Record and copies of practising certificates and Early Childhood qualifications (Teacher-Led services only)
 - copies of New Zealand primary teacher qualifications
 - completed *EC12* and *EC13 Forms*
 - audited general purpose financial statements or special purpose financial report
 - documentation to verify PRT Support Grant claims.
-

- Services will be audited on:** Services of all types will be audited to verify the accuracy of their funded child hour entitlement claims.

Teacher-led services will also be audited on:

- claims for the Support Grant for Provisionally Registered Teachers
- Registered and Other Teacher Hour claims (education and care services and all day kindergartens only)
- qualifications of registered teachers (education and care services and all day kindergartens only)
- record keeping requirements for 20 Hours ECE.

Education and care services that attest to paying their Registered Teachers at the level of the Consenting Parties Collective Agreement¹ must hold verification of this attestation.

¹ The Consenting Parties Early Childhood Agreement is negotiated by NZEI Te Riu Roa and a group of ECE employers.

11-2 Funding claim audits and record keeping audits,

Continued

The audit visit and report

The Resourcing Auditor will write to your service before the visit takes place, advising the time of the visit and the documentation you will need to have available.

Funding claim audits of home-based care networks will take place in the area in which the network operates.

An audit of a centre will generally take a full day, although sometimes longer periods may be required. The Resourcing Auditor will need a quiet place in which to work and access to a staff member who can answer any questions that arise.

At the end of the visit the Resourcing Auditor will provide a verbal report of the findings to the licensee or the licensee's authorised delegate.

A formal written report will be sent to the service provider contact person. This will usually be within two weeks of the audit.

Funding and staffing adjustment

If the audit determines the service has been incorrectly funded the service will have their funding adjusted in the next funding cycle.

Appeals

The service provider contact person is able to appeal any audit findings in the report. The appeal must be filed within 20 working days of the receipt of the audit letter advising of the audit findings.

The letter of appeal should be addressed to the **Manager, Monitoring, Resourcing Division, Ministry of Education.**
